CONTACT: uvote2@yahoo.com

Henry Harry, a fearless community activist and retired Sacramento County Deputy Sheriff, is currently campaigning for the district-5 Sacramento City Council seat currently held by first-term incumbent, Caity Maple. We know reporters are busy and may miss candidates who don't carry big names, but who still have valuable viewpoints about the people, communities, and city they love. We hope you will also announce and cover Henry's candidacy, and the candidacy of others actively running for council.

Below are information and links we hope you find helpful:

PRIORITIES

See issues page on website

Henry has asked the council to move the office of police accountability from under the political control of the city council and under the oversight of a stronger and more independent police commission. He also wants the mayor to review a limited type of proposed disciplinary actions before they are finalized, and the city is stuck with a bad officer.

Stop council from overspending and put an end to the structural deficit.

Push the city to make all contracts and consultant spending viewable online.

BEE STAFF WRITERS

A bullet just missed a Sacramento County sheriff's deputy Tuesday night when Roosevelt Holland, 23, shot at deputies in a Stockton Boulevard motel, officials said.

The incident was part of a decoy operation by the Sheriff's Department to combat prostitution in the area.

According to incident reports, Holland followed a sheriff's deputy — who was posing as a prostitute — to a motel in the 6600 block of Stockton Boulevard about 11 p.m.

After the solicitation occurred in the motel room, the reports said, three deputies came out of hiding to make the arrest.

Holland then pulled a small-caliber pistol from his waistband and fired a shot toward Deputy Henry Harry, who was 2 to 3 feet away, the reports said.

The bullet missed Harry but went through the pant leg of Deputy Scott Swain, who was standing behind Harry, reports said.

Deputies tackled Holland without more shots being fired, and no one was injured during the incident, according to reports.

"We're always very concerned about the safety of our officers, and they showed great constraint in such close quarters," said Sheriff's Capt. Bob Landry.

Holland was arrested by Sacramento police officers on suspicion of attempted murder and solicitation of a prostitute.
